

GIDEON MWANGI NJERI

OBJECTIVES:

A diligent and driven professional with a strong academic background in Mathematical Sciences with IT and hands-on experience in web development, software engineering, and database management. Seeking a challenging position that aligns with my educational qualifications and technical expertise. I am eager to contribute my skills and knowledge to support the growth and success of an innovative organization, while continuously enhancing my abilities and striving for excellence in the field of technology.

SKILLS:

- Proficient in navigating Nairobi City and its transportation network.
- Strong team player with a proven ability to adapt to diverse environments.
- Highly organized with effective time management skills.
- Excellent communication and interpersonal abilities.
- Adept at problem-solving and task efficiency.

EXPERIENCE

Fiverr and Upwork Freelance Jobs:

- Developed a web-based application using Python and Django to streamline data management for a local non-profit organization.
- Assisted the IT team in troubleshooting hardware and software issues, ensuring smooth operations for employees.
- Conducted system updates and software installations to maintain a secure and up-to-date IT infrastructure.
- Created a Java-based desktop application for automating inventory management in a retail setting.
- Integrated database connectivity to enable real-time inventory updates and sales tracking.
